## Smokey's Story

On May 4, 1950, the Los Tablos fire started in the Lincoln National Forest. On May 6, a second fire, the Capitan Gap fire, started in the same general area. These two fires destroyed 17,000 acres of forest and grasslands. On May 8, a high wind made it impossible to keep the blaze under control. The very next day a fire crew found a frightened bear cub clinging for life to the side of a burnt pine tree. The poor cub was badly burnt. Thus the name "Smokey Bear" was given.

Smokey was taken to the nearby Flatley Ranch to be cared for and then flown to a veterinary hospital in Santa Fe. Upon his recovery, Smokey was flown to Washington D.C. and hundreds of people greeted the cub along the way.

In July of 1950, Smokey was presented at schools all over the U.S. In a study given to children across the United States, after the words "Only You" were given, more kids could complete the slogan, "Can prevent forest fires" than any other slogan at the time. The Smokey Bear ad campaign has been the longest-running ad campaign in the history of the United States and is still active today!

HALL OF FLAME BURGERS

## DINNER

After a long day of sightseeing or adventure seeking, we have some great ideas for places to dine and unwind.

### FLYING J RANCH

You don't want to miss this step back in time where you not only get dinner, but also a show and fun activities for the whole family. No need for suggestions on this one, just pick what you want from the chuckwagon supper provided. Don't worry though, it's delicious!

**TAKE HOME:** Snag some cool western-themed toys for the kiddos in the Flying J Ranch Shops

### NOISY WATER SUSHI

One of Ruidoso's newest dining options is Noisy Water Sushi. This is our first sushi spot in the village and we are proud to say it is quite delicious! It is located in Midtown with plenty to explore nearby.

**WE SUGGEST:** Ruidoso Roll (*We had to choose our namesake that includes green chile, of course!*)

**TAKE HOME:** Orange Chicken Rice Bowl

# ALL THE BUZZ(ED)

[buzz]

noun

a feeling of intense enthusiasm, excitement, or exhilaration.

Pretty sure we can all agree that two types of “buzz” that follow this definition are alcohol and coffee. So, cheers, here are some suggestions...

## » THE HEMP HOUSE

One of Ruidoso's newest coffee and CBD shops, **The Hemp House**, is a cozy little shop in town with knowledgeable employees that will help you figure out which CBD products fit your needs. If that's not your thing they've got coffee drinks, smoothies, tea, breakfast sandwiches, and bakery items, too. We suggest trying a White Chocolate Mocha. Add an extra shot of espresso or a CBD add-on.

## » SENTINEL RANCH WINERY

Last year **Hurd la Rinconada Gallery** in San Patricio opened up a winery and tasting room to accompany their guest homes and gallery on the property. Try their great wine selection (including Noisy Water Winery wines) on the patio overlooking a literal picture-perfect scene. The pastures seen from the patio are the very views painted and made iconic by artist Peter Hurd.

@ZDOTH23

## » CORK AND KETTLE

**Cork and Kettle** offers both wine and coffee! They offer complimentary wine tastings of Heart of the Desert Wines and serve Red Rock coffee and espresso drinks. Try a delicious cappuccino while you're there.

## » CASA BLANCA

**Casa Blanca** is known for its Mexican, Southern New Mexican, and Tex-Mex food, as well as its amazing margaritas. This year they have created their very own beer. Their new Orange Agave Wheat beer will be perfect for summer months!

# PLACE YOUR BETS

# LOCAL ARTISTS SPOTLIGHT MICHAEL FISH

Michael Fish works out of Capitan, NM - where he was born and raised. His mother and father both had artistic minds which sparked his curiosity. Since 1981 (when he was 5 years old!) Michael knew he was an artist and has created art since. One of his earliest memories of trying his hand at drawing was around age 4 when he drew a fly under his finger because he had seen his dad draw the same.

Forty years later and Michael is renowned for his amazing, unique use of color. His current work focuses on wildlife, people and scenery influenced by the western culture and awesome resources of his home state, New Mexico. He primarily works with acrylic paint, but also works with charcoal, pencil, pastels, spray paint and "anything else that will leave a mark." He even has a video on his social media pages of a gun powder drawing he did! Michael's local murals are must-see attractions in Ruidoso and include Ruidoso Commons Plaza Mural (across from Sacred Grounds), Billy the Kid mural (Happy Trails building), Smokey Bear and Friends Mural (Unique Boutique).

Michael's work can be seen on **Facebook and Instagram - @artbyfish**. All of his artwork is for sale on these platforms, as well as on his website (coming soon - [artbyfish.org](http://artbyfish.org)). In addition to original artwork, he sells prints of his work

and accepts commissions if you like his style and have an idea in mind. You can find him and his artwork at Brewdoso, Chile the Kid Beer and Wine Festival, and Mountain Smoke BBQ Festival this year!

# RUIDOSO WILD

How to stay a safe distance from the wild ones while visiting.  
(All safety information courtesy of U.S. Forest Service)

## WHEN CAMPING

- Leave pets at your rental. Pets may attract bears and mountain lions. If dogs are permitted, keep them on a short leash so they don't interact with wildlife.
- Carry EPA registered bear pepper spray when hiking and camping in bear country
- Set up cooking, eating, and supply areas at least 100 yards from your sleeping area.
- Keep sleeping bags and tents completely free of food, beverages, and odorous items.
- Use bear resistant food containers, where available or required, to store food and odorous items when not in use.
- Do not sleep in the clothes you cook or handle fish and game in. The odors may attract wildlife.
- Keep children within your sight.

## REMEMBER:

*The animals you see roaming the area are WILD. Please keep a safe distance and refrain from feeding or petting the animals. Their beauty can still be admired from afar.*

## AROUND TOWN OR WHEN EXPLORING THE OUTDOORS

- Do not feed wild animals (including deer, horses & elk)
- Travel in Groups
- Do not approach wild animals
- Keep kids close and pets leashed
- Make noise
- Never follow wild animals
- Don't block a wild animal's line of travel
- Use a telephoto lens, spotting scope, or binoculars to photograph or observe wild animals
- Maintain a safe distance

# CALENDAR

## OF EVENTS

Due to uncertainty surrounding COVID-19 and when public events will be able to resume in New Mexico, we have decided not to print the events calendar this year. Some events are being live-streamed and others will be rescheduled or canceled. This information will be available on our website. We will continue to keep our calendar online up-to-date.

Please go to [VisitRuidoso.com/events-calendar](https://VisitRuidoso.com/events-calendar) to check out what's going on in Ruidoso.

We can't wait until restrictions are lifted and you are able to Visit Ruidoso again. In the meantime, we hope that you can use this guide to daydream and plan a future trip. Ruidoso will be waiting...
